

BUTYL ACETATE (ACETIC ACID N-BUTYL ESTER)

1. Basic Information

Product Name	Butyl Acetate
Structural Formula	
Molecular Formula	C ₆ H ₁₂ O ₂
CAS No.	123-86-4

2. Specifications

Property	Value
Appearance (visual color)	Transparent liquid, colourless to slightly yellowish
Colority, Hazen units, max	10
Density at 20°C, g/cm ³	0,880-0,882
Main Substance, %, min	99,6
Mass Fraction of Water, %, max	0,05
Mass fraction of non-volatile residue, %, max	0,001
Mass fraction of acids in terms of acetic acid, %, max	0.005

3. Additional Information

Storage	Stored in its original packaging and kept under proper conditions the storage stability of the products is 24 months.
Transport Information	Hazard Class: 3, UN Number: 1123, Packing Group: III.
